- (a) the law of the Commonwealth or of Victoria; and
- (b) the School's Child Safety Code of Conduct.

Internally: All Staff members **are strongly encouraged** to discuss any concerns, suspicions, allegations or disclosures of child abuse or harm with a CSO. As per the Child Protection Policy, Staff must complete an Incident Report. A CSO can help staff members follow this procedure. However, staff members are NOT required to consult with the School prior to making a report. Staff can also refer to the Whistleblower Policy for anonymous reports.

Mandatory reporters (including teachers, psychologists, Principal): Staff members who, in the course of carrying out their duties, form a belief on reasonable grounds that a child is in need of protection because they have suffered or are likely to suffer from significant harm as a result of physical injury or sexual abuse, and the child's parents cannot or will not protect the child **must** disclose that information to the police to DFFH if they are a **mandatory reporter**.

Criminal obligations: Any adult who forms a belief on reasonable grounds that a **sexual offence** has been committed in Victoria against a child under the age of 16, by an adult, **must** make a report to police as soon as practicable. This is a criminal offence to not report. A sexual offence includes rape, indecent assault, grooming, sexual penetration of a child (under the age of 16), threat to commit a sexual offence, causing a child to be present during a sexual activity and attempting a sexual offence against a child.

Any adult who is in a position of authority or control (such as a supervisory role) and who is aware of a substantial risk that a child will become a victim of a sexual offence committed by an adult associated with the School (such as a Staff member or volunteer) must not negligently fail to reduce or remove that risk. It is a criminal offence to negligently fail to reduce or remove this risk. Reporting to DFFH or police is one way to reduce or remove the risk.

Reports **must** be made **each time** a person becomes aware of further ground for their belief a child may have suffered.

- The identity of the person making a notification will be kept confidential (except when that information is required in a court case) unless that person gives permission for the information to be divulged. Such confidentiality should also be requested by the Child Safety Officer / Head of Student Wellbeing and any other person who may become aware that a notification is to be, or has been, given;
- Throughout the entire process of observation, discussion and reporting, the interests of the student and their family should be protected from unnecessary disclosure of information concerning abuse;
- Following the making of a report, any investigation that takes place by that external authority (i.e., DFFH, the police or the Commission) is the responsibility of that authority.

Information sharing schemes

The School is an Information Sharing Entity (ISE) under the Family Violence Information Sharing Scheme and Child Information Sharing Scheme (CIS). This means the School can share information with, or request information from other ISEs for the purpose of protecting children or addressing family violence.

These Schemes:

If an employee, volunteer, contractor, or Board member is uncertain as to whether they should make a report to an external authority in relation to the safety of a child, they can speak to a CSO for guidance and information. Ultimately, it is a personal decision of the employee, volunteer, contractor, or Board member whether they choose to make a report to an external authority or not.

Step 8: Evaluation

The School Board will be notified and policies and procedures may need to be reviewed if this is considered a significant child safety incident.
